## Optional

**Anti-Static & Conductive Tape**

Conductive PP band offers 10<sup>5</sup> ohms resistivity for fast static discharge and up to 170°C heat resistance—ideal for ESD protection and high-temp baking without deformation.

**Customizable Colored Tape**

Available in a wide range of colors — white, light blue, pink, gold, tawny, rouge, olive. Custom printing of customer logo, text is also supported. Colorful strapping enhances product presentation and value.

\*Compact structure with reduced mechanical complexity. The above-mentioned specialty strapping bands are optional accessories and can be used with KT-15 Semi-automatic strapping machines.
